**Amazing Spaces Storage Center Launches
the Only Franchising Program in the Self-Storage Industry**

August 13, 2008 – HOUSTON – Amazing Spaces, a leading provider of upscale self-storage solutions, has launched a first-of-its-kind franchising program under the name of Amazing Spaces Franchising, LLC. This gives discriminating investors the unique opportunity to take advantage of the fastest growing sector of the commercial real estate industry, while becoming part of a potentially profitable franchise venture. This Houston, Texas based company is offering its proven concept to a limited number of franchisees nationwide.

In 2007, self-storage grossed over \$20.1 billion, with a total market capitalization value of well over \$220 billion. The market continues to grow at a steady rate. Amazing Spaces has carved its own niche in the market with an innovative business model, beautifully designed upscale properties, and multi-faceted storage solutions.

Amazing Spaces opened its first self-storage center in 1998, and has since become the storage solution of choice for discriminating individuals who need a safe, secure and well-managed environment for their valuable possessions. In early August, the company launched a website dedicated to their new franchising program. At www.amazingspacesfranchise.com, anyone who is interested in pursuing a franchise can read requirements and learn more about the process to own an Amazing Spaces property. They can also fill out a questionnaire to see if an Amazing Spaces franchise is right for them.
